Fiberglass Grinding Dust

Volume

36,000 CFM

Solution

UAS MCB-24-04-H

Cross Ventilation Dust Collector

Entegritty Wind Systems Inc. manufactures, installs, and maintains the EW50 commercial-scale wind turbine. Founded in 2002 by James Heath, Mauri Miller, and Malcolm Lodge, Entegritty is committed to the distributed energy business model: Customers use on-site resources to help control energy costs and maintain long-term price stability for a portion of their energy needs.

MCB Series Cross Ventilation Cartridge Dust Collector. Designed by the leading air quality experts at United Air Specialists, this completely self-contained system provides high-filtration efficiency, freedom from source capture obstructions and easy maintenance.

Performance guarantee to comply with local and federal clean air regulations
